Dear Reader,

Copies of many materials discussed at this open house will be available for public review on these websites following the event.

We would also like to inform you that, a Public Involvement Program Plan (PIP) has been prepared for this project pursuant to Article 10 of the Public Service Law and the Siting Board's rules (16 NYCRR Part 1000). RE: High Bridge Wind Project – Water Well Survey
EDR Project No. 18054

Dear Reader:

As you may be aware, High Bridge Wind, LLC ("High Bridge Wind") is proposing to construct an up to 100.8-megawatt (MW) wind powered electric generating facility (the "Facility") in the Town of Guilford, Chenango County, New York. The proposed Facility is subject to the rules for siting a major electric generating facility under Article 10 of the New York State Public Service Law ("PSL"). In accordance with the Article 10 regulations, High Bridge Wind prepared and filed a Preliminary Scoping Statement ("PSS") on January 24, 2019. The PSS is available on High Bridge Wind's website at http://www.calpine.com/highbridgewind/public-documents and provides a description of the proposed Facility, details the studies that will be performed to evaluate potential impacts, and outlines the steps that will be taken to avoid and minimize impacts. Please refer to the PSS for additional details regarding the proposed Facility.

Work is now underway to identify environmental resources within the project area and gather information on these resources. The gathered information will inform the environmental impact analyses to be conducted in accordance with the Article 10 regulations, and aid High Bridge Wind in avoiding, minimizing, and mitigating adverse impacts to the maximum extent practicable. Environmental Design and Research, Landscape Architecture, Engineering & Environmental Services (EDR) is gathering much of this information on behalf of High Bridge Wind. As part of this effort, EDR is mailing the attached voluntary survey to all landowners in the vicinity of the proposed Facility to identify the presence and condition of private water wells on their property.

In order to properly identify water wells on your property, we request that you fill out the attached survey form and sketch sheet to the best of your knowledge and return the completed form and sketch sheet in the included stamped envelope within 21 days of the receipt of this letter. Please note that the information gathered through this well survey will not be made public but will be included confidentially in the Application.

Please email any questions regarding this request to highbridgewellsurvey@gmail.com and use the Subject Line: High Bridge Wind Private Well Survey. We sincerely appreciate your assistance in this matter.

Sincerely,

Gregory Liberman
Senior Project Manager
On behalf of High Bridge Wind, LCC.
