High Bridge Wind Project PIP Tracking Log – Updated August 2019

Date of Meeting	Location of Meeting	Meeting Attendees	Purpose of Meeting	Meeting Summary
7/17/2018	Chenango County	Alec Jarvis, Larry Wilcox - Chairman of the Board of Supervisors for Chenango County, and Shane Butler - Director of Planning for Chenango County, Pat Heaton - EDR	In-person project update	The purpose of the meeting was to introduce the project to the County and provide a high-level overview of the Article 10 process. Concerns relative to the Norwich and Sidney Airports were discussed. ,is an emergency response helicopter based in Sidney that responds to regional emergencies; it was asked that Calpine keep that in mind. Also discussed potential effects on communications and cell service. The Chenango County Comprehensive Plan was mentioned, along with the Southern Tier 8 Regional Planning Board (Jen Gregory was specifically mentioned), the Agricultural Farmland Protection Plan, SEDS, and an Economic Development Study.
7/18/2018	DPS offices, Albany, New York	In person: Alec Jarvis, representatives from DPS, DEC, DAM, Laura Bomyea (Young-Sommer), Greg Liberman and Dan Zvirzdin (EDR); on the phone: Bill Whitlock, Barbara McBride, and Jill Van Dalen (Calpine) and Jason Ritzert (West	in-person project update	Calpine introduced the High Bridge Wind Farm and gave a detailed description of the project. EDR provided an outline of where the project is in the Article 10 process and described the PIP outreach that had occurred to date. EDR and West discussed the status of the avian and bat studies for the project, including the submission of draft work plans to the USFWS. DAM asked that Farmland of Statewide Importance and Prime Farmland be provided in future mapping efforts and asked that the project team coordinate with the Chenango County Soil and Water Conservation District to identify the location of drainage tiles. DPS asked about major planned upgrades to the NYSEG interconnection. DPS asked the proximity of the wind farm to the NEXRAD weather radar at the Binghamton airport. There was also discussion of stakeholder notices and EJ areas.

High Bridge Wind Project PIP Tracking Log – Updated August 2019

Date of Meeting	Location of Meeting	Meeting Attendees	Purpose of Meeting	Meeting Summary
7/20/2018	Email exchange	Alec Jarvis, David Dibbell - Member, Airport Steering Committee, cc: Shane Butler, Doug Marchant	Airport Steering Committee concern regarding airspace impacts	An overview of the Airport Steering Committee was provided which was appointed by Chenango County to provide advice and recommendations concerning the airport, on which Shane participates and I am a member. The Committee has taken note of the proposed location and scope of the wind project and would like to pay close attention to potential impacts on local and transient VFR flight, instrument approaches and departures, and related concerns. The Committee understood that review processes involving the FAA and the military, about which we also wish to be kept informed as they happen. Calpine indicated they would be seeking information from their airspace consultant to progress this dialogue.
